

WORKWAY™ (LOCKERS)

Adaptive Solution for Evolving Workspace Demands

WORKWAY™ Lockers offer a versatile storage solution crafted to meet the needs of today's hybrid and flexible workspaces. Built with the perfect blend of functionality and modern design, WORKWAY™ Lockers are easily configurable to accommodate a wide range of layouts, with available combinations including heights from 29 to 83 inches and widths from 12 to 36 inches—seamlessly integrating into any space. Securely store belongings with two standard locking options; an innovative digital lock with an integrated pull handle for a clean, keyless design or a hasp lock for use with a personal padlock. A variety of add-ons including slope tops, riser bases, corner fillers, boot trays, and seating benches are available to enhance functionality and deliver a clean, built-in aesthetic for any space.
